¹ “Corporate governance statement” is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council’s recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity’s corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes “OR” at the end of the selection and you delete the other options, you can also, if you wish, delete the “OR” at the end of the selection.

CORPORATE GOVERNANCE STATEMENT

INTRODUCTION AND PURPOSE

The Board of INOVIQ Limited (INOVIQ or the Company) is responsible for the corporate governance of the Group and guides and monitors the business on behalf of its shareholders. The Board has strived to reach a balance between industry best practice and appropriate policies for INOVIQ in terms of its size, stage of development and role in the biotechnology industry. INOVIQ performed a review of its Board policies and governance practices with reference to the eight Principles of Good Corporate Governance (Principles) and the Best Practice Recommendations (Recommendations) established by the ASX Corporate Governance Council. The Recommendations are not mandatory and cannot, in themselves, prevent corporate failure or poor corporate decision-making. They are intended to provide a reference point for companies regarding their corporate governance structures and practices.

The Directors have considered each of the core Principles and Recommendations applicable for the year ended 30 June 2022. There are instances where INOVIQ would not benefit from compliance with the Recommendations, and in some instances INOVIQ has not had the resources to comply. The Recommendations that were not adopted are discussed in the Corporate Governance Statement located on the Company's website.

INOVIQ's Corporate Governance Statement, which summarises the Group's corporate governance practices and incorporates the disclosures required by the ASX Principles, can be viewed on the Company's website at www.inoviq.com/site/investors/corporate-governance

PRINCIPLE 1: LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

ASX Recommendation 1.1: A listed entity should establish the functions reserved to the board and those delegated to senior executives and disclose those functions

The role of the Board is to represent the interests of shareholders by providing good governance and strategic direction. INOVIQ has adopted a Board Charter setting out the matters reserved to it, including its function and responsibilities and those delegated to management. The Board delegates the responsibility for the administration and operations of the Company to its Senior Executives.

ASX Recommendation 1.2: A listed entity should undertake appropriate checks before appointing a person, or putting forward to security holders a candidate for election as a director and provide security holders with all material information relevant to a decision on whether or not to elect or re-elect a director

INOVIQ considers the character, industry and other relevant experience, education and skill set, as well as interests and associations of candidates for appointment to the Board and conducts appropriate checks to verify the suitability of the candidate, prior to their election.

INOVIQ ensures that all information in relation to Director/s seeking reappointment is set out in the Directors report and Notice of Annual General Meeting.

ASX Recommendation 1.3: A listed entity should have a written agreement with each Director and senior executive setting out the terms of their appointment.

The roles and responsibilities of Directors are set out in a Letter of Appointment which Directors commit to on their appointment to INOVIQ. The Letter of Appointment sets out the major provisions such as time commitment, expectations in relation to committee work or any other special duties attaching to the Director position, reporting lines, disclosure obligations in relation to personal interests, confidentiality obligations, insurance and indemnity entitlements and details of the Company's governance policies.

Each Senior Executive enters into an Executive Employment Agreement that sets out the material terms of employment, including a description of position and duties, reporting lines, remuneration arrangements and termination rights and entitlements. Contract details of those Senior Executives who are designated as key management personnel (KMP) are summarised in the Remuneration Report section of the Annual Report.

ASX Recommendation 1.4: the Company Secretary of a listed company should be accountable directly to the board, through the Chair, on all matters to do with the proper functioning of the board.

The Board Charter provides for the Company Secretary to be accountable directly to the board through the Chair. The Company Secretary is accountable to the Board for ensuring the Company's corporate governance processes are adequate. The appointment or removal of the Company Secretary is a matter for the Board.

ASX Recommendation 1.5: A listed entity should:

- **have a diversity policy which includes the requirement for the board to set measurable objectives for achieving gender diversity and assess annually the objectives and the entity's progress to achieving them;**
- **disclose the policy or a summary of it;**
- **disclose the measurable objectives and progress towards achieving them; and**
- **disclose the respective proportions of men and women on the board and at each level of management and the company as a whole**

The Company has adopted a Diversity Policy which is available in the corporate governance section of the Company's website.

The Board considers that, due to the small size and nature of the Company, setting measurable objectives for a Diversity Policy at this time is not practical. The Board is conscious of the benefits diversity can bring and will consider setting measurable objectives as the Company increases in size and complexity.

The Company currently has 21 employees (including Directors) of which 8 are women. The Board is made up of four male directors. The Company has three senior executives, being the Chief Executive Officer, Chief Scientific Officer, and Chief Financial Officer & Company Secretary. The CEO is female and the CSO and CFO/Company Secretary are male.

INOVIQ is an Equal Opportunity Employer and encourages diversity in the workplace.

ASX Recommendation 1.6: A listed entity should disclose the process for evaluating the performance of the board, its committees, and individual directors and whether a performance evaluation was carried out during the reporting period in accordance with that process.

The Board of INOVIQ is responsible for reviewing its own performance to ensure effective structure, strategic oversight, governance, and risk management.

ASX Recommendation 1.7: A listed entity should have and disclose a process for periodically evaluating the performance of its senior executives and disclose in relation to each reporting period where a performance evaluation was undertaken in accordance with a process.

The Company has three senior executives including the Chief Executive Officer, Chief Scientific Officer, and Chief Financial Officer/Company Secretary. An annual performance review of the senior executives was undertaken for the 2022 financial year in accordance with the Company policy.

The Audit & Risk Committee is made up of three independent Non-executive Directors: Mr Philip Powell (Chair and Chartered Accountant), Mr Robert (Max) Johnston and Professor Allan Cripps. The Audit Committee Charter is available at the company's website (www.inoviq.com/site/investors/corporate-governance). The Board receives the assurance required by ASX Recommendation 4.2 in respect of the financial statements from the CEO and CFO & Company Secretary as required under section 295A of the *Corporations Act 2001*.

ASX Recommendation 4.3: A listed entity should disclose its process to verify the integrity of any periodic corporate report it releases to the market that is not audited or reviewed by an external auditor.

To verify the integrity of periodic corporate reports to the market which are not audited or reviewed by an external auditor, all reports incorporating financial information are prepared by the CFO and reviewed by the Audit Committee Chair, CEO and each member of the Board. PRINCIPLE 5: MAKE TIMELY AND BALANCED DISCLOSURE

ASX Recommendation 5.1: A listed entity should have and disclose a written policy for complying with its continuous disclosure obligations under listing rule 3.1.

The Company Continuous Disclosure Policy complies with the Council's continuous disclosure requirements. A copy of the Company's Continuous Disclosure Policy is available in the corporate governance section of the Company's website (www.inoviq.com/site/investors/corporate-governance).

ASX Recommendation 5.2: A listed entity should ensure that its board receives copies of all material market announcements promptly after they have been made.

Material ASX announcements are drafted by Senior Executives before being circulated to the Board for comment, review, and approval. ASX announcements are then only released when Board approval has been received.

ASX Recommendation 5.3: A listed entity that gives a new and substantive investor or analyst presentation should release a copy of the presentation materials on the ASX Market Announcements Platform ahead of the presentation.

ASX Recommendation 7.3: A listed entity should disclose if it has an internal audit function and if it does not have an internal audit function that fact and the processes it employs for evaluating and continually improving the effectiveness of risk management and internal control processes

The Company does not have an internal audit function due to the size of the Company. The Audit & Risk Committee along with the Board as a whole are responsible for risk management and internal control processes.

ASX Recommendation 7.4: A listed entity should disclose whether it has any material exposure to economic, environmental and social sustainability risks and if it does how it manages or intends to manage those risks.

The Company has exposure to economic risks, including general economy-wide economic risks and risks associated with the economic cycle. The Company has in place risk management procedures and processes to identify, manage, and minimise its exposure to these economic risks where appropriate.
